I'm looking for a Carpenter/Skilled construction person to help as with up coming jobs. Most are on the smaller side including the following:

- Painting
- Flooring
- Rough and finish carpentry
- Siding repairs
- Roof repairs
- Cabinet installation
- And other Handyman type things at times

\$30 Per hour.. Some jobs will require drug/background checks so those must be clear for the most part. Must do excellent, neat, clean and safe work.

Having a truck is a plus. Must have basic hand tools.
