

# 18 Chrome Rims (500 USD)

Location

**New Jersey**<https://www.genclassifieds.com/x-440059-z>

Tires: 225/40ZR18 92Y

Radial N3000

I had these rims on a 1995 Mercedes C280 but they also fit Audi's and some VW's. The bolt pattern is 5x112. 3 of the rims are equipped with high performance Low profile tires. The tires are made for Performance Driving with wide aqua grooves. The Arrow center rib is designed for High speed performance driving with lateral grooves that resists against hydroplaning. As you can see from the picture they still are in very good shape. The rim without the tire has a small crack that needs repair before a tire can be replaced.

Please email me if you are...
