Hi, I'm looking for female model who would enjoy doing a flashing / upskirt photo shoot.

NOT about sex...JUST PHOTOS. Many of the shots won't need to have your face showing, just great flashing pics, upskirt peeks indoors and if possible outdoors too.

You DON'T have to be a professional model, PREFER amateurs, just willing to have some fun posing.

If you are interested, please send a couple of photos, preferably dressed and nude, tell me about yourself and give me contact information.
