

lost beagle

Location **Nebraska**
<https://www.genclassifieds.com/x-440152-z>

We have a older retired breeder beagle we have had for about a month. I think she saw a cow for the first time yesterday and got scared a ran off. She had spent most of her life in a kennel, so she's seeing a lot of things for the first time and doesn't know how to react to a vehicle or animals other then dogs. Lost north of.
