

Looking For Drywall Installer (Fargo)

Location **North Dakota**
<https://www.genclassifieds.com/x-440211-z>

I am looking to get an estimate for installing 1,000 sq.ft. of drywall for a basement. The walls are framed and ready for install. Please provide your cost to install sheetrock, per board. Please include labor and material (sheetrock, tape, screws joint compound etc).
I am looking to have this project done sometime next week.

Thank you in advance
