I'm parting out a 2006 STI with 32k miles and I have a few miscellaneous parts left that I am looking to sell cheap before the car is crushed. All driveline parts are sold, all body parts other than what's listed are ruined, interior parts such as STI seats, door panels, steering wheel, gauge cluster, and dash trim are all sold, Brembo brakes are sold, and the BBS wheels are sold. Basically a few random parts that will work on a lot of different Subaru models are available. If your looking for something specific, e-mail me and I can tell you if I have it. Car is located in Grand Forks, ND. Parts are as followed...

- STI struts, front and rear, with COBB lowering springs, good OEM upgrade over WRX struts, not damaged or blown - \$200
- STI blue floor carpet, removed and has been cleaned, great shape - \$50
- Drivers front door, Lava Black, no door mirror or door panel, perfect glass - \$50
- Passenger front door, Lava Black, small dent under door mirror, no mirror or door panel, good glass, repairable - \$25
- Passenger rear door, Lava Black, no door panel, perfect glass - \$40
- Rear bumper mount brace, steel brace, perfect - \$20
