We mostly do house/garage/basement clean-outs, but we take metal, appliances, large amounts of yard debris, roofing, garbage, anything you can come up with, or just your unwanted junk. If you bought a foreclosure or have a rental that needs to be cleaned out, or theres remodeling to be done, we can take care of it all. We have a crew that can tear out drywall, carpet, padding, tile, full kitchens, full baths, any kind of demo in the basement, doors/jambs, closets, shelving, or any other removal you may need to start the construction process indoor or out. Either we can load it or you can choose to do it yourself. We have the capacity for 10,000 lbs. or 10 yards of yard waste. Its about the cost of a dumpster, but we do all the labor. Bigger amounts not a problem with multiple trips. This is perfect for spring/fall clean-ups or garage clean-outs. Please call us if you'd like a FREE quote or have any questions. Our #
