I don't drive , but if you know what you want I will find them send you the information on vehicles you will just have to look at them and decide if good or bad from there. I'm newly disabled, have a small delivery company, but SSI says I have to much :(I have autonomic neuropathy , and might be getting peripheral neuropathy. I died 6.1.14 for a few minutes I had sudden cardiac arrest.

so if you want a from mustang in black with v6 power windows locks etc. you name it I will hunt for it.

thanks
