E and C Movers of Brunswick Awesome

: Let me share with you how pleased my wife Lisa and I are with your service. Moving from Parma after almost 12 years left me wondering where did all this stuff come from? We had loaded the 26 foot rental truck 2 times and unloaded most of that into our new garage. We had a notion we were under water and in need of help on this third load. We managed to reach E and C Movers after seeing your name on Google. This was after 6:00 PM on Saturday November 1, 2014. You promised guys would be there, in Lyndhurst, to our truck, which we loaded, within a few hours. After seeing how full the truck and garage were, I was eager for help. So was my son Zach. He tried his best, but with cancer back, out of remission, he is not as able as he would like. I had to be in my car and headed back to seminary in Lancaster, PA. where I am studying to be a pastor by 9:00 AM Sunday Morning. Wayne, it is not too strong to say, God was there when we found you on Google and with each and every respectful movement of Rich and Tim the men you sent us. They treated our "stuff" with the utmost care and box after box and even our 8 foot long picnic table is exactly where we wanted it in the backyard through a fence. Our boxer dog Edward was very grateful since he likes to stand on it. The next morning, as I let him out before I left for Pennsylvania, he walked up and sniffed it many times. He seemed to finally get that this was now home. I told the guys it was our desire to park our cars in the garage that night. They had the truck and our garage to work through. As they finished there was such a sense of relief that came over our family. I was deeply grateful for our good fortune in connecting with E and C Movers. My hope was to offer this to Angie's List, however, I found no way without getting a membership. If anyone has a need of moving things and they need help for any reason do not hesitate to call Wayne at E and C Movers. As I was placing the weights into the grandfather clock the guys stopped and listened to the chime. They deservedly took pride in knowing they put that clock in the foyer. All the best Luck to you Wayne, Rich and Tim. I will be posting this on my blog RichardIPryorJr.com . Thank you all.Sincerely,--Richard L. Pryor Jr.

E & C Movers on April 30, 2013 they have done quite a few jobs for me, all with great professionalism and integrity. They moved heavy boxes containing 400 square feet of tile and closet storage units. They removed and disposed of a queen mattress set for me. Then I had a new King size Tempurpedic mattress arrive that I couldn't fit upstairs, but E & C came in and found a way to get the job done. They moved a King bed set as well for me. I plan on using E & C Movers again.

I used E & C Movers to move from an apartment to a condo in March, 2013. The movers were professional and efficient. I bought a 500lb vanity and a two person tub with an 80 gallon hot water tank. The movers brought it all upstairs to my master bath without issue! I needed help with some demo and some major demo clean up (about 60 construction bags worth). Movers came in, bagged it up and helped haul it out in a matter of a few hours. Awesome work! I would use them to move again.

Wayne,

Thank you very much for the smooth, and uneventful move. E&C movers (wayne, and his fellow colleague John) arrived 30 minutes ready to work. They took excellent care of my possessions, and packed them more securely than I ever could have. They took rare breaks, and were extremely professional. I was leary about hiring movers from Craigslist, but after working with professionals, was glad I did so. You won't be disappointed when hiring Wayne. Thank you very much for your help

Rob

Wayne and his crew are excellent movers. They both packed my UHaul when I moved from Cleveland to Chicago AND unpacked it when I moved back. They loaded the truck quickly and securely even though I had some heavy and awkward pieces being moved from the 2nd floor.

They also unloaded the truck in record time even though they had to do it all by hand since the utility dolly provided by UHaul was busted AND I asked them to move my possessions into two different adjacent houses! Prompt, courteous, experienced and professional. No job seems to be too big or too small for this crew. And their rates are extremely reasonable too. Lain

Hey Wayne,

"I contacted Wayne at E and C Movers for help unloading a Uhaul; he and his helper were on time the following morning, and were professional and courteous during the move. I'd recommend Wayne to anyone that needs help moving in or moving out."

Thanks, Veez

Dear Wayne,

Thank you very much for helping me move from Cleveland to St. Louis. The truck was packed beautifully and nothing was even the slightest bit damaged on arrival despite the 10 hour drive on mostly smooth but occasionally bumpy highways. The unloaders even commented on how well the truck had been packed. Thank you again and feel free to give my contact info to anyone looking for a reference for you.

Take care, Baseer

Wayne and his team member did a great job moving us from middleburg heights to twinsburg city. They were fast, efficient, and most of all honest. Wayne runs a great business helping people move and not ripping them off like the big companies do. I would recommend his company any day to all my friends and family.

Good evening,

Wayne I just wanted to take the opportunity to express my thanks for a job well done, above and beyond my expectations. On the most snowy day in the middle of winter, you helped me move my belongings in a timely manner, and saved me money in the process. When I wanted to give up, your company persevered. I would use your services again if needed and definitely recommend you to anyone in need of prompt, efficient and innovative movers. Thank you, Adrienne

Hi Wayne,

Just wanted to tell you how much I appreciate all your efforts in trying to move the swingset I bought for my granddaughter. I've never seen such an industrious, hard-working pair as you two and your sense of humor made the ordeal of trying to move the swingset a pleasure. I appreciate your advise not to move the set after all because of its dangerously rotted condition. After spending a couple of hours with you, I completely trust your judgment and knew that you had my granddaughters best interest in mind even though you would not get paid for the full job. I would rehire you both in a heartbeat. Sorry the project turned into such a fiasco. When the key broke off in the Penske truck ignition, I guess that was a sign the swingset was not meant to be. Thanks again and I look forward to working with you on the next crazy project I come up with. Best. Lorra
