Do you like 80's horror? Looking for a fun, cool project? If so, this is the post for you. We're looking for student actresses ages 18-25 to play high school seniors in a throwback horror film. If you've seen the 80's classic, Slumber Party Massacre, then you know what to expect.

Shooting will be over the course of the summer so we won't be filming everyday. There won't be any 14 hour marathon days as we're planning shorter days.

If interested please send a headshot and resume. If you don't have a resume that's perfectly fine too.

Please email over any questions you may have. Thank you.
