We are a local, successful Philadelphia event business in a constant need for very attractive female, energetic models due to rapid growth. These are weekly events and the money is very good. It's a safe, fun, comfortable atmosphere and it's well-established. You can make more cash in one night than you can in several weeks working at a tanning salon or waitressing.

Interested girls should submit full body and face pics to be considered.

References can also always be supplied upon request.

My company has experience and an extensive background in event hosting for over 15 years. My operations staff and myself put in countless hours in raising the bar and making these events the best they can be, thus the need to hire more and more models every week, based on constant demand.

The internet can be a confusing place for finding jobs, but we use Craig's List for what it was intended for and we get a ton of new models from here. We go way above and beyond to ensure all the employees' safety and to create a positive, fun-filled work environment that provides opportunity and the ability to make very good money. This job is totally on the up and up and above board.

Strapped for cash? Current, low paying job not cutting it or paying the bills? We can definitely help.
