Do you go to the lakes on the weekends and need somebody to watch your dogs? I am the person to call !! I have a fenced backyard plenty of love, plenty of snacks. You just have to bring your dog, and maybe a leash, if we decide to take a walk. I will supply the food. I have two dogs of my own. I charge \$15 a night. (per dog) give me a call!! I live in Fargo.

I am a homebody, so your pet will never be left alone. I also have contact with a vet that comes to my home if anything should happen. (Which it won't!!).

But just so you know I will take great care of your dog.

I really don't care if there not updated on there shots.

I do need to get paid in cash the day you drop your dog off.

(I know there are a chosen few people that are looking to get rid of there dog, and that's why I ask to get paid up front, its kind of a guarantee that you are going to pick up your dog)

P.S I don't take care of
