Hiring one to three women, to be topless during the renaming party of a sailboat. According to myth and legend, changing the name of a boat angers Posiden, and to appease him and prevent doom to the vessel one is required to follow a strict ceremony, and present offerings of champagne and naked women.

All you have to do is hang out on the boat for a few hours without a top on (once we're away from the dock, anyway). Nothing sketchy, no touching, no pictures, etc. There will be 8-10 other guests, are all mid-to-late 20s, professionals, mixed company. Total time will be about 3 or 4 hours, and will be well within sight of the city and cell phone reception the entire time.

Date is TBD, mid to late May, most likely on a Saturday. Pay is \$100 cash, and there will be champagne and other drinks (alcoholic and non) and food and snacks that you will also be welcome to.

If interested, please reply by email with availability and photographs (clothed is fine).
