I am looking for a rabbit hutch for my two bunnies. I do not want to pay an arm and a leg for a hutch. I understand that the large hutches can be quite expensive, but that's just not in my budget. If you do have a hutch that you are willing to sell please email or text me info and pictures(Please do not call only text:). Also if you have a bunny you are going to give away with the hutch I'd be happy to take!
