I am looking for a place to stay for as long as it takes me to find a job. I am currently living in my car with my cat. I cannot do this much longer and i seriously need some help. I don't do drugs, i'm not an addict, i'm a good person and just so down on my luck and i need someone with a kind soul that can help me. I can clean and cook for you but i am not willing to use my body, i am not that type of girl. I don't know where else to turn. My cat is the only thing that is keeping me going. She is just like a child to me. I am respectful and honest and just need a place to stay long enough to get a job so that i can get an apartment or rent out a room. I'm a quiet and kind woman that just needs a chance to start my life over. My now ex-husband left me and took everything out of our bank and i have nothing but clothes and my cat. Can you help me without taking advantage of me? I've been hurt before and can't go thru that pain again. Once i get a job i can pay you money for rent. I really need assistance:(
