Hey there fellow people interested in playing music, we are a guitar/drummer duo and we need a bass player and a singer to kick things up to eleven so to speak. We have a space to jam and play, we just would like to do that with a bassist and a singer. The drummer has played for 14 years and is a jazz trained drummer who can do pretty much anything you need him to do, and the guitarist has been playing for around 9 years as mainly a blues/rock oriented player and is very serious about what he does. We play rock/hard rock/alternative/pop/punk. We'd like to find people closer to our age so around 18-30 would be preferred. The end goal is to create a band and create music we can be proud of and just enjoy what it is we are doing. Just email back if you are interested and I will respond as soon as I possibly can. have a wonderful! :)
