 "A Better Painter" is a small painting operation that specializes in quality interior work. I have 17+ yrs. experience which includes:
 We coat interior trim-packs (millwork), using HVLP, with its associated attention to prep (oil-base primer, micro-caulk, non-shrinking hole filling); we specialize in using reduced conversion varnishes, lacquers and/or alkyds/enamels. Attention paid to cleanliness and courtesy while professionally completing your project in a timely and cost effective manner.
 Digital pictures of completed projects are readily available.

 Exterior repaints occur from March 15th to October 15th and includes free power washing with each approved proposal.

 Also my Oregon CCB (Contractor Construction Board) license (199465) has an additional certification. LBPR-Lead-based Paint Renovation Contractor status is active; which essentially allows me, as a contractor, to legally work on buildings erected prior to 1978 AND to conduct lead-based paint re-paint and limited exterior restoration processes. Needs to be renewed annually.

 We also specialize in staining/seal decking and fences; we clean gutters, and of course protect our client's shrubbery.

 We accept all major credit cards and I have been NA clean since 1998. "Not all painters are created equally."

 Licensed by CCB - look me up!
