Are you ready to create a great online presence for your business but don't have the budget? I can help! I help businesses create a great presence through social media, SEO, and blogging. Instead of hiring a marketing business that can cost a lot or hiring another employee that will also cost just as much you can simply hire me. With years of experience and businesses to show for it, I will be able to help your business!

Typically I charge \$600 per month for an entire online presence campaign.

These prices can be negotiable depending on what you.
