

## PROVIDING INTERNET REMOTE SUPPORT FOR 50. A SESSION (richmond, nationwice

Location Virginia https://www.genclassifieds.com/x-440824-z

I have been providing support for customers since 5 years ago. I use a secure program called teamviewer which secures the connection between me and my customer under security encrypted protocal. which means nobody else can see what is on your computer but me when the help is needed. I accpet credit cards also. I also provide a 1 year remote support maintence service for a price of \$120.
