I'm looking for a marketer preferably between 17-25 years old who is creative and can think outside the box to be partners and part of a mastermind group. I have three projects I'll need help with.

- 1.) I have a highly rated book currently available at no charge at www.escapingmyshadow.com
- 2.) I also have an inspirational talk and workshop which can be seen on my website. (I only need leads and I will close the deal. I'm a closer by trade and will utilize my supreme closing skills and have a process, laptop slideshow presentation as well as presentation sheets.
- 3.) I'm creating an online coaching business and will need help with social media and advertising etc.

I'm a lifetime member of a super networking group called CEO Space and will be pitching my projects there at the end of the month but wanted to begin looking for a partnership now. I'm looking for someone who after reviewing can believe strongly enough in the projects that we can create a revenue share agreement. I do have capital but want to minimize investment risk. Take a look and let me know if you think you could pull it.
