Marta is a 23 year old au pair from Spain. She has an extremely positive attitude, is always smiling, is always offering to help with meal prep or kitchen clean up and laundry. She is very polite and mannerly and has caught on quickly to where everything in the house is and/or where it should go and how things work. She is independent but yet truly wants to be part of our family activities. She has been fun to have around. I would highly recommend her.

AuPairCare is a premiere au pair agency that has been helping families find quality live-in childcare for over 25 years. The cost to host an au pair works out to only \$8 per hour; much less than hiring a nanny or paying for daycare!

As an Area Director:

â€¢ I work with 45 other families in this community and provide yearlong support

â€¢ Au pairs provide live-in childcare for any number of children at the same affordable rate

â€¢ AuPairCare au pairs are all screened, trained, English speaking & have full profiles available online.

Please contact me to learn more about Marta, or hosting an au pair in general. I am always happy to talk!
