

Allen Sports 4 Bike Rack (75 USD)

This is a great Allen Sports 4 bike rack that has not seen much use. We don't bike much any more so this needs to go. We orginally bought this particular model because we had a Jeep Wrangler with a spare tire on the back, this bike rack fits perfectly behind the spare tire and allowed us to open the back of the Jeep up with the bike rack folded down. First \$75 takes it.
