Used WeatherTech Floor Mats - Front Set Only - 2009 GMC Yukon

The passenger side did not fit my car perfectly, so I had them send me another set.

These were \$110 plus tax and shipping, but I will sell them for \$50. They have no tears, just a little normal wear from being....floor mats.

The part number is 450661. go to <http://www.weathertech.com/floorliner-digitalfit/> to see if your vehicle would use this.
