1990 Chevy Silverado...1700.00 obo....103,000 miles on 1992 engine..approx 170,000 miles on transmission...new radiator. new heater core,ball joints,fuel pump, seats replaced with like new 92 silverado seats, has reese hitch..power windows door locks all work, all gauges work. Cruise control works.. A/C works. Needs cab corners,tires and paint but is a mechanically sound truck. Has always been dependable. I bought truck in 1992 from orig owner and maintained it well. New engine was installed correctly..no cut wires no carb...EFI...Partial trades.
