Channel Master CM-7778 Pre-Amplifier and 144" VHF / UHF / FM antenna for OTA DTV for sale. CM-7778 is 11 months old purchased new from Fry's Electronics for \$69.99. OTA DTV antenna was purchased at the same time for \$119.99 FYI - 2 of the antenna pieces broke when I took it down, but can be repaired. My mistake is your good bargain for the fixer upper.
