2008 KTM 450 XCR-W ---LOW, LOW HOURS

Selling this bike for my son, he is the second owner, but I know the complete history of the bike and it has very few hours on it. He has businesses on the Outer Banks and never gets to ride--and when he does ride, he rides his KTM 300.

The graphics on the bike are from his business on the OBX --I would kinda like to keep them and could work out something if you do not want them.

This is the same engine that was in the 08 up KTM supercross bikes--they added an additional gear (5 speed)

Electric start (all bikes should be so lucky)

Excellent rubber

Chain and sprockets like new.

Hand guards

and all the usual KTM high-end stock components.

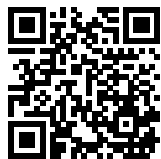

Contact me per the contact box about coming to see the bike. Sorry no title--bill of sale only.

Asking a very fair price for this exceptionally clean bike 3995
