

Need help wiring a car radio (colchester.)

Location

Vermont

<https://www.genclassifieds.com/x-441515-z>

I have a 97 jeep wrangler and need help wiring a different radio in it. The car came with an amplifier and subwoofer hooked up to it but I have no use for them. Willing to give someone the sub and amp if they help me take them out and wiring in a new radio. If interested please email or call/text
