Karen from Milwaukee:

I was having trouble with my dryer heating. The faintest of gas fumes. I was told an estimated price of \$1000.00. What he thought the problem was and he was right when he got to my place. Went above and beyond what I needed to be done. He offered me information on other appliances - for future reference). Very friendly and personable. Dryer runs great. Bonus was all the loss change I found on top of my dryer that he must have recovered." :o)

Tony from Glendale

"you ever need a referral, I would be happy to express how pleased I was with your level of professionalism, product knowledge and skill. Probably the best I have ever experienced."

Sal from Milwaukee:

"You were at my house today and worked on my stove and fridge. Just wanted to tell you everything is working perfect and I really appreciate that. I tucked your card away for future use. And I will talk to all my friends about you. You did an excellent job and your very capable. Thank you."

Jared from Muskego:

"Service was great. Josh was able to get the part ordered and schedule an appointment to come back in a timely manner. He even checked out and answered questions we were having on other appliances for no charge. Very polite and professional, will definitely recommend to others."

Rebeca from New Berlin:

"Thoroughness, Customer Service, Timeliness, Quality. Josh arrived on time. He worked quickly and had the part on hand. He answered all of my questions. I will definitely call again!"
