Need high quality drum tracks for your demo, song, commercial jingle or CD project? I can provide drum tracks to you over the Internet from here in my home studio. I utilize state of the art drums, cymbals, mics and software that will exceed your expectations. You email me your song(s) with detailed info on what you'd like to hear, I will provide up to 3 different or revised versions for a reasonable price. After you are happy, payment is due via PayPal. I will then send you the drum tracks by way of Dropbox.

I am a seasoned, working professional drummer with over 38 years of playing/recording experience in ALL styles of music. For more info pertaining to prices and equipment, or to hear some samples of my work, please.
