Are you looking for childcare where your child/children will be well taken care of and have fun with great learning experience? My name is Sheena Jarrett, I had a career in a licensed childcare facility for over 10 years before I decide to care for children in my home. I have two children of my own that influenced me to start my own home daycare. Children need loving and experienced childcare providers that can care for and teach them. My goals as a childcare provider is to provide a safe, clean, and educational environment that your child/children can learn and grow in and still have the comfort of being in a home setting. I also want to encourage healthy habits such as hand washing, and eating healthy foods. The children will engage in learning activities, arts & crafts, reading, workbooks and so much more. Having children get ready for Kindergarten can be a challenge for us as working parents, but it doesn't have to be a challenge for our children. There's so much that your child can learn, give me a call and get them started today!!!

Education:
 J. Sargeant Reynolds
 Associates Degree in Early Childhood Development
 Career Studies Certificate Early Childhood Education

Ages Caring for:
 1-5 years of age
