Hello,

We are Junkies Coffee Co. We have a mobile cafe/coffee cart that we pull around the valley. We do anything from small parties and community gatherings to large events and sports games. No event is too small! Contact us if you are interested in delicious specialty coffees, teas, smoothies, italian cream sodas and frozen lemonade. We also have the ability to serve food for select events if that is something you are interested in. Our cart is small, so it will easily fit in almost any location. Take a look at our website; www.junkiescoffee.com and contact us if you are interested. If you would like us to cater to a little league or business office, let us know, we may be able to come out and set up for free!
