Experienced nanny, babysitter, available for daily service or emergency cases in Sandy Springs/Dunwoody.

I am a responsible female, with years of experience working with kids, my rates are very reasonable and I try to be as flexible as possible with clients. I provide a safe environment where your child will have fun as he develops socially, emotionally, physically, and intellectually.

My house is up to standards required to open a day care. (Note: "to open" - I didn't apply for license yet)

My education background (Legal Fields) and additional trainings prepared me to quickly respond in emergency situations, and give me the confidence to look after for the health and well being of kids under my care.

I am 37 years old, and I speak English and French. Only 2 spots available !!!!

Siblings discount....diapers, wipes, healthy meals and snacks included...

Infants, newborn welcome....

After school care with puck up, night, overnight care, also available. Let's!
