hello, my family and I are looking to move out of Illinois due to the rise in crime and violence. we are planning on moving as soon as our kids finish the school year. we are looking for at least a 3bed home that allows pets. we have a 5yr old pit, and a 2 month old Rottweiler, they are part of our family and we can not leave them behind. if you have something please get back to us with the info on price and pics, thank
