## She is in love with 2 men

Several years ago, I remember watching a movie on one of those movie of the week channels about a girl who had fallen in love with two men. I never thought it would be possible to do that, until it happened to me personally. I mean, how much love could one person actually have for one man, let alone two?

When I had met James, I hadn't been in a relationship in quite some time. Before James, I was in a long term committed relationship with Edward for eight years, but towards the end, I found out just how committed he was. He had been cheating on me for half our relationship. I guess I was the only one committed there.

When I came home one night from work, we had been living together for about two years at that point, I could smell a ladies perfume. . . and it wasn't mine. I was supposed to work late that night, but had decided to call it a day and surprise Edward by coming home early because I had been putting in a lot of hours at work and I knew I had been neglecting him. Guess who got the surprise?

Yep. Me. I walked into our bedroom where Edward and some girl were in our bed going at it with moaning and screams. . . the works. It was the last thing I suspected and you can say that I was shocked and stunned and well, speechless. Until the girl had her nerve to ask me, "Who the hell are you?"

Her words set me off and I lunged towards her and began to pull her hair.
