I have a 75 gallon aquarium (4ft 1/2 inches long, 18 1/2 inches wide, and 21 1/2 inches tall) that's not including the stand, in wonderful condition. The stand is solid wood and has been well taken care of. It has a built in power strip for all of the necessary plugs. The aquarium was used for reptiles so has all of the necessities! It will come with a florescent light and a 3D aquarium backdrop for desert or jungle animals, fake plants, water bowls, brand new never been opened bag of ecoearth bedding, log, three ceramic heat lamp, a tree climbing decor and anything else we are able to find. The only problem with the aquarium is it's missing one of the glass lids but it could easily be replaced or made. \$1000 is what was spent on this aquarium all together not including all of the things for the animal, and we are only asking 550 OBO for everything! We are located in Bentonville and unable to deliver but we can help load for pick up. :)
