

Barb Wire Stretching

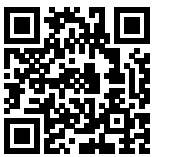

Location

Arkansas

<https://www.genclassifieds.com/x-442114-z>

I've installed about 40 T-posts to extend horse fencing. The hard part is done. I need you to stretch and properly install 2 rows of barb wire and maybe a 3rd row of slick wire. Must know what you're doing and don't want any clock milkers. Will pay \$11-\$13 p/hr depending on your skill. I'll provide lunch and cold gatorade/water. Must be complete in 1 day (3 rows are around 1400lf total fencing) and done this Thursday 05/21/2015.

Text preferred. References or pics of your experience is.
