

Web Design amp Development Internship (Bentonville)

Location

Arkansas<https://www.genclassifieds.com/x-442120-z>

We are a small local web dev shop. We do everything from e-commerce to custom Landing pages to Games to SEO. We are looking for a few interns to grow our Custom Wordpress solutions.

Skills or Areas that we are looking to grow:

Web Design: (WordPress Customization, HTML 5 & CSS)

Nice to Have - Web Dev: (PHP, Ruby / Rails, Node.js)

If you have skills or a strong interest in these areas reach out! You don't need to be an expert. This is an intern position. We will grow you and train you. All you need is to be motivated, a quick learner and have access to a laptop, a fast internet connection, a mobile device and time.

We prefer local to NWA or within driving distance (for occasional meetings) but willing to work with people on a case by case basis.

We work in the Oklahoma, Arkansas and Missouri states mainly as well.
(no foreign outsourcing groups please! and no spam, read the add!)
