

# Auto Painting (NWA)

Location **Arkansas**  
<https://www.genclassifieds.com/x-442127-z>

I am looking for someone to paint my older model Jimmy. Preferable changing the paint color completely if the price is right and in the budget, if not matching the hood and top with the rest of the body. It appears that all the top coat (clear) has worn off of those two areas. It does not have any body damage that needs to be dealt with only painting. I am not expecting a showroom or show car finish. I would just like for it to look presentable, so that I can drive it more often. I can bring it anywhere in the nwa area. Please reply by email only. Thanks for.
