Smokey Gray Long Hair Cat
Meet "Charlie!" he's a five year old handsome little guy. I adopted him from his mom on Craigslist six months ago. She had gotten him as a Birthday Gift when he was just a kitten.
Charlie has been living in the basement since I brought him home. My dog is too dominate for him. Charlie needs a quiet new home with no dogs.
He's very lovable. From the pics you can see he was very comfortable with his first home.
I'm looking to find him a safe and loving new home where he can get all the affection he deserves.
Charlie has been neutered. Sill has all his claws. Litter trained. He is an indoor dweller. Has never been on the outside and would not adapt to that life. He is actually a smokey gray color, black nose with big gold eyes. Help me find Charlie a great new home. If you have room in your heart or know of someone please respond to his needs. Thanks for your concern!
