

I need a mobile welderfabricator (White Lake)

Location

Michigan

<https://www.genclassifieds.com/x-442358-z>

I'm looking for a welder/ metal fabricator for a small job on my trailer. I'd prefer someone local who has references. I need a 6" section of c channel cut out and replaced or bracing welded to what is still solid on the trailer. It is an A frame and the piece that needs welded is the center portion on the A that is welded to the first crossmember. It's a 16' flatbed trailer if it makes a difference. I'd prefer you come to me if possible. Compensation will need to be discussed prior to the job being done and you will be paid when the job is completed.

I can provide pictures of the area I need fixed or you can come out and look. Please email me if you are interested in the.
