Do you want to learn or to teach your kid how to play piano?

My name is Aglaya and teaching is my passion. I'm a classically trained pianist and teacher from Saint Petersburg, Russia, who will be happy to introduce you or your child to the world of music! My lessons are effective, fun and personalized to fit the individual needs for every level and ability. My teaching style is easy to follow and straightforward. Moreover, for extra motivation I incorporate my student's favorite music into our learning material. Furthermore, I have a great connection and energy level that is suitable for kids. My aim is to keep them engaged in music while helping them discover their own special musical abilities.

A little about me: I got my Bachelor Degree in Music and Child Development in and also, Masters Degree in Economics and started working as a music teacher. I have been teaching music privately and in schools for five years in Russia and have kept teaching for 5 years in the United States.

Music is my life, and that's what I live for every day!  
 Let's create some beautiful art together! Please contact me as soon as possible and make your musical dreams come true.
