I am looking for VOLUNTEER Veterinary professionals who are willing to DONATE their time to exam and treat a sick cat. I have no money and can't afford to get help for him. I'm not looking for a payment plan or to apply for a credit card. I cannot make payments. I have considerable debt already which I have defaulted on because I have no financial resources at this point. If you need to be reimbursed, want to sell me something, or think it's helpful to recommend some service that will ultimately require me to pay for it, please don't contact me.

I have already reached out to the SPCA and the Patient Services Manager unilaterally refused to help me and would not allow me to talk to a doctor or anyone else. She referred me to Veterinary Street Outreach Services, despite the fact that they only accept homeless clients and I had already made it clear to her that I am not homeless, just.
