Hi, I am an experienced roofer going through some hard times right now. I was laid off, lost my house, and recently lost my wallet with my ID, social, etc so now I can't even go get a regular 9-5 because I have no social or ID. I need the funds to get my ID and social back first then roofing license/insurance, truck/van, and all tools/equipment/ladders. I lost everything and my pride didn't want me to do this but I really have now choice now. I'm tired of living like this and want to be my own boss and make a complete turn around of this mess. Anybody willing to help in ANY way please contact me with your offer. I am thankful for ANY advice, money, tools, etc donated. God is good all the time and all the time God is good. Thank you for your time, God!
