I am selling a Ridgeway Grandfather Clock. It is in excellent working condition and looks beautiful. It is the YORK model (#2190). The clock is no longer listed/manufactured on the Ridgeway site. It has three changeable chimes and weights are finished in 24k gold. An absolutely wonderful clock.

The following information on this particular clock was pulled from the internet:

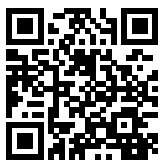

Chicory Oak finish on oak solids, oak and White Ash burl veneers  
 Triple chime cable movement plays Westminster, Whittington and St Michael's chimes, with separate hour strike.  
 Automatic night shut-off  
 300 mm round dial has a white porcelain finish with black Roman numerals  
 Brass bezel  
 Weight shells are pewter finished with 24k gold wash bands  
 Remote second hand  
 Pendulum is a unique lyre dual vial faux mercury type within a brass circle.

Cabinet:

Federal pediment style has a white ash burl framed with ebony and maple veneers  
 The solid hardwood carved design between the pediment and columns wraps around to each side of the clock

The oak and ebony finished turned columns are capped at the top and bottom with antiqued cast brass finials  
 The clock is framed with a beveled glass door  
 The case is beveled glass as well  
 The clock has access to the glass and illuminated case  
 The break front base has 3 pieces of matching white ash burl, framed with ebony and maple veneers  
 To compliment the pediment  
 Made by American craftsmen in Virginia

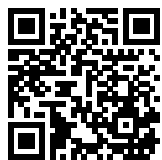

88" W 30" D 18"

This clock is available for pick up only in the San Dimas / Southern California region. This clock's original price was nearly \$7,000.00. I am offering this for sale at a very good liquidation price, but will consider any reasonable.
