Looking for an Appointment Setter (West Chester

Location   **Kentucky**
https://www.genclassifieds.com/x-442585-z

I need someone to make calls to local residents in the West Chester, Mason and Liberty Township areas. You will be offering them a Free Room of carpet cleaning and a Free in home Carpet Audit. We will develop a script together to see what works best.

Pay is $10 per appointment set and 20% of the sale for every appointment closed. Average job in our target market is $250.

To start we will need 5-10 appointments per week which can all be set up in one day (A couple hours if you're good). So that can translate from $50.00 - $600+ in a few hours per week.

If this works well we will increase the target area and appointment count and may also add our Residential Cleaning business to the mix.

This involves Cold Calls and Warm Leads. You can work from home, but you should not be afraid of!
