

## Found white cat named Chloe (99th and Q ST)

Location **lowa** https://www.genclassifieds.com/x-442665-z

Yesterday i pulled in my apartment complex and saw a white cat, i got out and started calling for it. She came to me right away, so i tried to pet her and then i reached for her tag to see if there was a number on it. She was very startled and i continued to try and catch her so i could get her back to her home, which made her even more startled. As she was hiding under a car, i began to try to read the phone number off of her tag, she was wearing a heart shaped tag with the name chloe on it, and i tried to call the number, left a message and no one responded. I was not able to grab ahold of her due to her not being declawed! Just wanted to make sure she made it home ok! Last sighted by pool at thomasville apartments in
