

# wanted 160 GB Ipod classic

iPod classic 160 GB (Late 2009)

The iPod classic 160 GB (Late 2009) is a hard drive-based iPod featuring a large, widescreen color display, a Click Wheel, and the capability of displaying photos and videos. Like other models, it uses USB for syncing. The iPod classic is available in silver and black, and has an anodized aluminum and polished stainless steel enclosure.

iPod touch (3rd generation)

Stolen from silver Toyota in Ralston arena parking lot during Hairball concert Friday May 1..

No questions will be asked but please return the Ipod you stole. That had all my dad's music on it and he passed away in 2012 from Lung Cancer. I will pray you had too many drinks or just looking for a quick buck but please this is irreplaceable and it's one of the things dad and I had in common was a love for music. You can drop off the Ipod at Ralston Arena .. tell them you found it on the ground by a silver Rav 4. Both Ipods taken were older model Ipods and both my dad's.... you might get what \$50 selling it? Please it was hard enough loosing my dad when he was only 60 to aggressive Lung cancer don't take this from me too. I will purchase if insisted but please know my family struggles pay check to paycheck. Please please please return  
Please return .. it's his oldest grandsons graduation next weekend and these were left to his grandkids and his.
