I am skilled in Carpentry , Painting , Light Electrical , Light Plumbing and any other services that may be needed to be done around a home. If you need a helping hand or just would like someone else to do the work for you just email me or give me a call. If you call and get my voice mail please leave a message with a little detail of what you are looking to get done. I will call you back as soon as I can. I've been having a bit of an issue with service with some of the areas I have been working in.

No job is too small! I am very reasonable and affordable and have been working in this field for the last 18+ years. I have my own tools for a wide variety of work , including a power washer and a pickup truck if you need something moved or dumped.

To see more of my work check out my Facebook page with hundreds of additional picture.
