Hello I am a student teacher that will be off for the summer and a proud mother of a 7yr old girl and a 1yr old lil boy. I would like to offer my babysitting services for date nights/ over nights or drop in evening care. I am open to any schedule you need I am open to negotiate payment. I usually charge 10/hr or 70 dollars for overnight care which is from 7pm-7am I do require at least 24hrs advance notice if possible- although I do understand emergencies is when childcare is needed most so please do not hesitate to call. Care would need to be done at my home. During the day my home is a home daycare run by my very good friend so I am fully equipped for infants all they way up to 12yrs old.

Evening care would start from 630pm and on- if you need earlier depending on the day we can discuss that. Most important I am a mother and understand the need for reliable trustworthy childcare when your are in a pinch - I am training to be an early childhood and elementary education teacher at UHWO, I am cpr certified and have over 15 years of childcare experience not only with my children but with other clients as well.

Look forward to hearing from you- Also If you are in need of regular childcare please check out the Ad on Craigslist for REESES DAYCARE- that is the daycare that is run out of my house during the day. Mahalo for your interest
