

# Vet Volunteers needed for ABESNET (Framingham)

Location **Massachusetts**  
<https://www.genclassifieds.com/x-442952-z>

We need Patriot or Veteran volunteers to help Abesnet.com (which has changed to abesnet.org, a nonprofit company in Feb 2015) grow. 'Ski', the founder is a disabled vet and has established over the last 3 years a solid network between Patriots---who provide discounts and free product and services to vets and Veterans---who are in need. We need help to continue to form a US Patriots and Veterans National Network.

We are in need of operational support---bookkeeping, administrative support in replying to emails and paperwork from both Vets and Patriots, IT support---fixing computer issues, updates to our website and social media, processing veterans applications who are in need for us to help thru our resources, and starting specific programs to help our firm grow. If you any skills in the above, please contact me. We would like people located near our office if possible for ease of meeting and working onsite when needed.

Your consideration is greatly appreciated. Please contact us---we look forward to hearing from you.  
Abesnet.org, a nonprofit benefits the Patriot and Veterans community----nationwide.

Be Involved. Be part of Abesnet Network. Influence Others. Make A Difference.
